Advanced Training Workshop

Mucogingival Microsurgery

March 18 – 20, 2020

The advanced training Workshop on Mucogingival Microsurgery is an interactive course, powered by lectures, focused hands-on training with operative microscopes and 3D video demonstrations. It aims at clinicians wishing to upgrade their skills in the application of high-quality mucogingival surgery for root coverage and soft tissue handling. The course consists of an integrated approach designed to build and extend the skills of the practicing periodontist in the area of microsurgery.

Major learning objectives

- Key notions on flap management and wound healing
- Understanding the concept of microsurgery
- Learn all about the operative microscopes
- Learn all about micro instruments and materials
- Learn the clinical application of an operative microscope
- How to position the patient
- How to position the microscope
- How to handle instruments
- How to perform the surgery with the proper sequence
- Perfecting flap management with microsurgery
- Perfecting primary flap closure and stability

Day 1

9:00-13:00 - lunch - 14:30-18:30

Mucogingival Microsurgery

Wednesday 18, 2020

Acquisition of state of the art knowledge and competence.
Theory and 3D video demonstrations

1. Microsurgery: a concept for high quality clinical applications.
2. Physical and mental training to adopt a surgical microscope
3. Setting the surgical microscope: different mounts; balancing; focus & magnifications
4. How to position the microscope and the patient, to reach all the sites in the oral cavity
5. Soft tissue manipulation and wound healing
6. Management of soft tissues for root coverage
 - The Free Gingival Graft
 - The Coronally Advanced Flap
 - Bilaminar techniques (CAF + CTG)
7. Surgical sequence when working with a surgical microscope: how to modify the conventional approach

Day 2

9:00-13:00 - lunch - 14:30-18:30

Mucogingival Microsurgery

Thursday 19, 2020

Acquisition of state of the art knowledge & competence.
Theory & 3D video demonstrations

1. Aetiology and diagnosis of gingival recession and non-carious cervical lesion
2. Assessment and management of patient and defect factors
3. Clinical objectives, indications and limits of root coverage procedures
4. Management of soft tissues for root coverage: the key factors
5. 3-D Surgical demonstrations: the important tips for success
 - Free gingival graft
 - Coronal advanced flap
 - Connective tissue graft
6. Bilaminar techniques with Synthetic materials and Allografts
7. Reconstruction of the CEJ for root coverage and management of root concavities
8. Post-operative care following periodontal plastic surgery
9. Strategy for root coverage: presentation of clinical flow charts

Day 3

9:00-13:00 - lunch - 14:30-18:30

Mucogingival Microsurgery

Friday 20, 2020

Hands-on exercises with surgical microscopes

1. Setting the microscope for surgical applications
2. Choice of instruments and materials (Microsurgical tray)
3. Microsurgical instruments and materials
4. How to properly handle and balance the instruments
5. Suturing techniques (silicon model)
6. Refining instruments manipulation under magnification
7. Incision and dissection under the microscope
8. Microsurgery and micro-sutures (silicon models)

Hands-on training on oral models:

Micro-mucogingival surgery

1. Stabilizing a free gingival graft
2. Coronal advancement of a flap
3. Bilaminar techniques

Administration

Mucogingival Microsurgery

Cost of the course:

€ 3.538 (€ 2.900+638 VAT: VAT is the Italian Value Added Tax) *

(lunch, coffee breaks, use of simulators, use of instruments and materials for hands-on surgery are included)

Registration Module for the
“Advanced Training Workshop on Periodontal Microsurgery” TO-0220
You can register online at www.tangramodis.it/en page “Activities”

Name _____ Family Name _____
Address _____ City _____
Postal code _____ Country _____
Phone _____ Cell phone _____ Fax _____
e-mail _____
VAT or SSN # of payee or Tax Identification Number _____

Payment: ☐ € 3.538 (Total fee including VAT)

☐ € 2.900 (Applying the reverse charge – qualifying EU residents only)

☐ **Wire Transfer to:**

Tangram-Odis srl – Banco Popolare di Milano,
Agenzia 1 – Viale Mazzini, Firenze c/c n° 382703,
IBAN: IT82R0503402802000000382703
SWIFT: BAPPIT21N26

Please indicate in the wire transfer: Course TO-0220

☐ **Credit Card:** Download the Credit Card Authorization form our website

*Please, fill the form in all its parts, enclose the wire transfer receipt and
– mail to:*

Tangram – Odis srl
Via C. Botta 16 – 50136 FIRENZE
Italy

– or fax to: + 39 055 241021

– or e-mail to: corsi@tangramodis.it

We are sorry not to be able to offer refunds or discounts for your cancellation of
the course at any time after confirmation.

** EU Residents with a VAT registration in their own country could request to personally pay the
VAT through the mechanism of the "reverse charge" (art. 17 DPR 633/72).*
